

MS 99-69W Brick Fired Ovens

Overview

Our MS 99 - 69 Model is designed specifically to accommodate the high-volume pizza making of a true Pizzaiolo. This oven features a 99 by 69 inch deck. The dome and deck consist of refractory bricks with 4 inches of multi-layered insulation in the dome and 8 inches in the deck. The oven features a 66 inch by 9 inch opening along with a stainless steel flue collar atop the dome. A round flue adapter comes standard on all ovens.

The oven requires a 2" tolerance in all directions, and comes standard with a fire-rated tile clay dome. This oven model also features a 14 inch landing on the opening, as well as a control located between the deck and the top of the dome for getting a precise reading. Oven can be vented directly to the roof or vented through a powered type 1 exhaust hood with approved grease rated duct in accordance with all local and national codes. For wood burning ovens, they must be vented as a solid fuel burning appliance and must be installed following a manner that obeys all local and national codes and is acceptable to authority having jurisdiction.

Pizza Capacity

Cooking Surface = 47 sq. ft.
Pizza Capacity 8" = 22
Pizza Capacity 10" = 16
Pizza Capacity 12" = 12
Pizza Capacity 16" = 8
