

## Vittoria Slicers Volano 350

### Overview

100% Italian made slicers from Marra Forni combine precision slicing with the classic visual appeal of a hand operated flywheel. Slicers are cast in aluminum and steel to facilitate fast and easy cleanup.

This unit is fully operated by hand, leaving you free to display your slicer anywhere to entice customers. The blade sharpener is built-in and equipped with a protection ring which meets NSF standards. Customize your slicer with RAL colors and unique flywheel styles.
